Information about your Second Chance Checking Account

The Second Chance Checking Account is an account designed to give those with minimal Chex System records an opportunity to utilize a Zing Credit Union checking account.

The Second Chance Checking Account offers many features, including access to a debit card, checks, direct deposit, and other opportunities to save on loans with relationship pricing. You will receive access to your account conveniently with over 5,000 CO-OP Shared Branches and nearly 30,000 surcharge-free CO-OP ATMs. Negative balances must be made positive within seven (7) calendar days. If a Second Chance Checking Account is not made positive within those seven calendar days, Zing Credit Union reserves the right to permanently close the account. In addition, Zing Credit Union reserves the right to permanently close a Second Chance Checking Account if it carries a negative balance of \$100.00 or more. Second Chance Checking Accounts are subject to the following fees.

Restrictions

Privilege Pay and Stored Value Cards (pre-paid debit cards) are not available.

Transitioning to Other Checking Accounts

Members can request a transition to other Zing Credit Union checking accounts with proof of resolution of negative items reported on the member's Chex System record. Transition is subject to Zing Credit Union approval.

For more information about the Second Chance Checking Account, please contact Zing Credit Union by calling 303-573-1170.

¹ This fee is avoidable by using products such as Overdraft Line of Credit, which is subject to credit approval, or automatic transfers from savings accounts. Please ask your representative for more about how to reduce your risk of this fee.

² This fee is avoidable by using your debit card as "credit" in stores. Whenever you do not enter your PIN to use your debit card, it does not count towards your 10 transactions/month.
